

HLZ[®] BULK FEEDER

Bulk Feeder for the HLZ[®] Counting and Sorting Machine

Anker Andersen A/S has a full range of bulk feeders from 250 liters (66 gal) to 4 m³ (1057 gal).

All bulk feeders are designed for 24/7 operation and are tailored to the type of HLZ[®] machine they are going to serve.

The bulk feeder is controlled by the "magic eye" of the HLZ[®] counting and sorting machine guaranteeing a smooth operation. All bulk feeder models are available in ergonomic versions.
